Ancestry Library Edition News

ProQuest recently uncovered a reporting issue with their Ancestry Library Edition. The 'Citation Image' category was under-counted by about half between June 2020 and January 2021. They are unable to recover exact numbers. Citation Images accounted for 3% of usage in North Dakota libraries during that timeframe, so the impact on perceived usage is minor.

THE READING NOOK

In Rachel Lynn Soloman's *The Ex Talk*, two public radio professionals with a lot of friction between them get roped into being the hosts of *The Ex Talk*, a relationship advice show purportedly hosted by two exes. The show is a huge hit but the narrative gets complicated when Shay and Dominic begin secretly dating off-the-air.

Samantha Young has basically written the perfect romantic premise for a bibliophile. In *Much Ado About You*, Evangeline takes a temporary job as the manager of a bookstore in a small English town. There she grows to love the villagers and one sexy farmer in particular, which was not in her vacation plans.

The name of Elizabeth Everett's debut series is the *Secret Scientists of London*. I'm definitely excited about this first book. Called *A Lady's Formula for Love*, this book centers around Lady Violet, the founder of a secret society of female scientists, and Arthur, an officer for the Crown, who is assigned to protect her.
