LSTA Task Force

The State Library invites members of the North Dakota Library Community to volunteer to serve on our newly formed LSTA task force. We would like broad representation from all library types, as well as different sized libraries; frontline staff are encouraged to consider volunteering. The North Dakota Library Coordinating Council, the NDLA Executive Board, and ODIN will be represented on the task force, and we hope to have representatives from academic, public, school, special, and tribal libraries.

The purpose of the task force is two-fold; the first purpose is to help us develop a plan to spend our American Rescue Plan Act (ARPA) monies, and the second purpose is to provide feedback on our LSTA Five-year Evaluation and Plan. The evaluation will be completed this fall, and the plan will be developed in the spring.

The LSTA Plan is the guidelines for how we spend our federal monies, and we would value having input from the library community as we develop those guidelines for the next five years. You can see our current [plan](#) and the last [evaluation](#) on the State Library's website. We anticipate the task force meeting twice a month through June of 2021 and then once a month through the spring of 2022.

If you would like to volunteer to serve on the Task Force, please send an email to ndsladm@nd.gov by April 14. If we get more volunteers than we need, we will draw names.

College SAVE Summer Reading Champions

Librarians, are you ready to SAVE again? The North Dakota State Library is partnering with the Bank of North Dakota on the College SAVE Summer Reading Champions.

Check out this [video](#), which will tell you how to register and the benefits that new OR existing patrons can get when your library enrolls for the program.

North Dakota Library Marketing Group

The North Dakota Library Marketing Group will be meeting virtually for the first time on Monday, April 12, at 3:00 PM CT. The first meeting will be introductory, where we can get to know each other, decide how often we meet in the future, and discuss some great tools or tricks in marketing.

Everyone is welcome, but you will need to send an e-mail to ndsipa@nd.gov to receive the link to the Zoom meeting.

2021 Virtual Renewal and Development Conference

The 2021 Renewal and Development Conference has been scheduled for April 12 and 13! Each day will include the same four sessions to make it easier for everyone to attend.

1st hour: Mary Soucie, Welcome

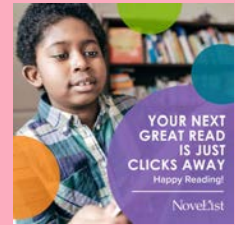

2nd hour: Rita Ennen, Intellectual Freedom

3rd hour: United Tribes Technical College, Community Garden at the Library

4th hour: Sherry Niesar, Wildlife of North Dakota

This conference is free of charge. Register today for the [April 12 sessions](#) or the [April 13 sessions](#).

NoveList

Have you ever finished a great book and wanted to find more just like it? Or wanted to help your child find just the right book to read? Check out the [NoveList database](#) available with a library card from the State Library or your local library.

[NoveList](#) connects readers to their next book by making recommendations for what to read next. One of the most popular elements is read-alikes, which suggests titles that are "just like" other titles. Read-alikes are also available for authors and series.

If your library would like to promote NoveList or any of the other databases to your patrons, the State Library has marketing materials available to help! Fill out [this form](#) and we will send them to you right away.

New Library Science Books Available at the North Dakota State Library

[Using digital analytics for smart assessment / Tabatha Farney](#)

Your library has collected massive amounts of data, and the decision-making process requires that you analyze it. Digital analytics focuses on the digital data: from library websites, electronic resources, online collections, and even social media. Farney presents technical advice that you can use to develop your own digital analytics projects, and includes contributed essays that tackle the challenges your library will face.

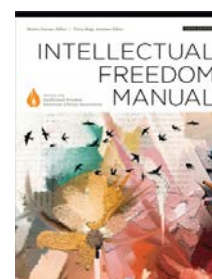

[Financial management for libraries / William W. Sannwald](#)

Presenting financial management principles and best practices applicable to both public and academic libraries, this comprehensive text elucidates a broad array of issues crucial for those entering a managerial position. This book covers such key topics as accounting, budgets, the roles of stakeholders, funding sources, operating ratios, fiscal benchmarking, and more.

[Intellectual freedom manual / compiled by the Office for Intellectual Freedom of the American Library Association ; Martin Garnar, editor, Trina Magi, assistant editor](#)

This indispensable resource provides day-to-day guidance on maintaining free and equal access to information for all people.
