

Suitcase Exhibits for North Dakota

Getting to the root of history.

Do you work at a library that will be participating in the **North Dakota: A Look Back!** traveling exhibit program produced by the North Dakota State Library? Are you looking for additional resources to compliment the themes of the exhibits? The State Historical Society of North Dakota is proud to announce that participants in the NDSL's traveling exhibit program will be able to obtain a free SEND trunk to go along with the exhibit. This program is underwritten by the State Historical Society of North Dakota in support of the 125th Anniversary of North Dakota Statehood and related events.

Suitcase Exhibits for North Dakota (SEND) is a program specifically designed to get real history and hands-on activities into the classroom. While designed primarily for use by schools, these trunks are also a great resource for museums, libraries, historical societies, other education and history related organizations. They can be adapted to work for learners of all ages.

The SEND program is aligned with state standards and the North Dakota Studies program. It encourages critical thinking skills, analytical skills, interpretive skills, and independent thinking skills. The trunks cover a variety of themes related to North Dakota history. The lesson plans and activities are interdisciplinary, and incorporate history, the arts, and STEM (science, technology, engineering, and math).

All trunks include objects, historical photographs, documents, and a Teacher Guide. Information on other programs and exhibits of the State Historical Society of North Dakota, coloring sheets for downloading, and publications available at the Museum Store can be found by visiting history.nd.gov

History for *everyone.*
