I was incredibly stuck with my writing, but discussing what I was planning for the story REALLY helped. More than I thought it would. Now, I still have a bit to work on, but I'm insanely glad to have dented the armor of writers block with the help of a tutor. If the person who helped me reads this, thanks so very much for the help!! I'll be sure to focus on the plotline. I figured more of the story out only because of the help I got. So again, thanks!
